

Students, teachers, alumni, family, and friends are all glad to call CPA "home." It's that warm fuzzy feeling you get when you know you're surrounded by love and people who truly care. It "takes a village" to teach, raise, and nurture children . We are fortunate to have many people who dedicate their time, talents, and resources to our school.

We wish to honor all the volunteers who support our "village" by dedicating the 2004 *Talon* to them. It would be impossible to list or photograph all the people who contribute to the CPA environment because there are so many. However, we know who you are and we SALUTE you.
