Sports. . .  
Colleton  
Prep's  
pride and  
joy!

Colleton Preparatory Academy is very proud of the athletic system here. There are so many talented athletes at Colleton Prep. What exactly is an athlete? An athlete is a boy or girl who is very driven, has a good attitude, willing to do anything for the team, is not jealous of his/her team-mates, gives 110%, and also excels in academics. At Colleton Prep, we are proud to say every athlete here, has those qualities.

There are many sports here at Colleton Preparatory Academy including: football, basketball, baseball, volleyball, softball, tennis, cheerleading, and the sport which has just recently made a comeback, soccer.

Colleton Prep students excel in sports, but they would not be where they are today, if it were not for the coaches. The coaches help mold the students into what they need to be, to do great in sports. Coaches are a huge part of the success of Colleton Prep athletics. We are very fortunate to have great coaches and great athletes.
