

This year the 2004-2005 Annual is dedicated to...

Coach Miller,

Football season is over, but it won't be forgotten. In 2002, we won the first football State Championship for Colleton Prep. In 2003, we went even further by finishing our season undefeated with another State title. This year did not go as we all planned, but there was something gained from our shortcomings. Staying on top is not easy, as we all learned this year, but what we have all gained from this experience is an intense, burning hunger. It is a hunger that will drive us to work harder, to push ourselves over the limit, and to be the best that we can be in everything we do.

Over the years, all of our coaches have taught us many great life lessons, lessons that cannot be taught in the classroom. They have taught us the benefit of hard work. They have taught us how to push ourselves to get better. They have taught us how to use teamwork to achieve our goals. They have taught us that sometimes the smallest things in life can make the biggest difference.

There is no feeling quite like playing under Friday night lights in a Warhawk uniform. That feeling will always be special to us because of what you, Coach Miller, have made this program into today. You have always been there for us and you have gone out of your way to make this program about us, your students. Thank you, Coach Miller, for all of your hard work, dedication, commitment, and everything that you have done for us. We love you. May God bless you for the rest of your days.

The 2004-2005 *Talon* staff
