

The cheerleaders are elated to win the title of State Champs! Congratulations!

Above Left: Our cheerleaders really know how to "primp" and pose before a major event. Above Right: "Mrs. Allison" Miller is the greatest coach a squad could ever desire. Left: Haley Houck and Catherine Carmichael prove that they are not afraid of heights.

Stunts

Performing stunts and getting the timing perfect are two of the more difficult aspects of being a varsity cheerleader.

However, nailing a stunt can also be one of the most rewarding (and dangerous) parts of cheering.

Friendship

Developing lasting friendships through cheerleading is a bonus for seniors like Courtney Bishop and Catherine Carmichael.

Fun

The sport of cheering should always be fun and entertaining.

The varsity squad members were also role models for the younger squads.
