

Trey's Story

Trey,

Since the day you were born, you have brought so much love and happiness into our lives. We thank God every day for blessing us with you and your brother, Cal. Watching you grow up to be the young man you are today has been a joy, especially on the many baseball and football fields where you've played, always giving it 100+%! We know how much your knee injury this year has hurt you. We were all looking forward to watching you play football your Senior year, knowing you'd have a great year and, as always, giving it your best. You handled this with such grace and dignity, as you have always handled the ups and downs of your life. We know that soon you will be back on the ballfields, better than ever, with that determination you've always had. Just know that we'll always be there in those stands cheering you on! Continue to hold your head up high, for you have so many talents and accomplishments to be proud of. Although we'll miss you terribly when you go off to college, we know you'll do well and continue to make good decisions in your life. We love you so much and are so proud of you and the man you have become. We'll always be here for you.

Love,
Mom & Dad
