

DONNIE MESCIA

Donnie,
Live, Love, Laugh and have Faith for these are the things in life that are most important. We congratulate you on all of your accomplishments and are so very proud of the man you have become. Remain the leader that you are and embrace the challenges your future may hold. LIVE your life to your potential with no regrets. LOVE unconditionally the people in your life and the career choices you make. LAUGH at yourself for both your successes and shortcomings. FAITH - Keep it both in good times and in bad for this will get you through. We thank the Lord each day for blessing us with a son like you, and we know you are destined to do great things. As my grandfather told me, I am telling you, "Some day you will be able to nail jello to the wall - DON'T QUIT!!!"

WE LOVE YOU,
Mom and Dad
