

WHITNEY DENISE RAHN

Whitney,
Ever since the day you were born, you have been my number one priority. I am so proud of the things you have accomplished, and the young woman you have become. I will always be there for you, and I know that you will do well in college. You are not just my daughter, you are my best friend!

Love always,
MOM

Whitney,
I'm so glad that you've made it this far! By making the right choices, you've grown into a young lady. I am so proud of you as you go out to make your own life. I hope that some of the things that I've taught you will help you succeed. I know that what ever you do, I'll always be proud of you. Always remember, Dad is not far away!

Love you Whit-Whit,
DAD
