

Dear Scott,

Wow, I can't believe this year finally came. It seems like it was just yesterday we were in middle school! I'm so proud of all you have accomplished. It's going to be so hard next year not having you to cheer for during football season! I wish you the best of luck in all you will do in your future. No matter who wears your football jersey next year, you'll always be my #11!

Love, Hannah
