

Hannah Renee Syfrett

Dearest Hannah,

So many great memories come to mind when thinking back over the last eighteen years. Get me out of here, scoob it, take Chad a bath, playing color in the pool, broken arm, Tee ball-hit somebody in the head, Wee hawks, Softball, injured ankle, Basketball, Cheerleading, Cotillion, Prom, learning to waterski(lol)...there's not enough space here to say how much fun it's been watching you grow up. We're the luckiest parents in the world because you are such a caring and kind hearted young lady. Your love and kindness towards children, animals and your peers will get you where you want to go in life. There will come a time when you will have to make difficult choices and we know you will choose the right ones.

Thank you for being the best thing that has ever happened to us and remember we love you and you always have a place to come home to.

Mom and Dad
