

Jacqueline Crosby

We can't believe time has passed so fast. You are our angel that God above gave to us. We will never forget the precious moments of the past 18 years. Daddy dressing you for hunting but Mom wanted lace, frills and bows. We haven't seen that in a while. We miss watching the best dancer of all. Rocking my pumpkin head to sleep every night singing, "Nighty night Jacqueline, let's go to sleep, Mommy's tired and Daddy's asleep". Now we are waving goodbye while you drive away. We are so proud to have such an intelligent, beautiful, confident, young woman in our lives. Know that whatever you decide to do in life, you will do well and we will always stand beside you.

Love,
Mom & Dad
