We are so proud of you. You are a very beautiful and intelligent young lady. Eighteen years have passed much too fast. The memories we have made as a family will always be cherished. Success comes from hard work, dedication, and believing in yourself. We wish you much happiness as you begin your journey in life. Remember to put God first and seek his will for your life and everything else will fall into place.

We love you with all our hearts.

It's hard to believe you are graduating. You have turned into such an amazing young lady. I don't know what I am going to do next year without you. Who am I going to fight with now? You are not just my sister, you are my best friend. Don't forget about me and all of the memories we have made together. Have fun in college!

I love you!

Molly
