

# Dedication

It has become tradition for the Talon Staff to dedicate their volume to one member of the CPA Faculty and Staff that has had a great impact on them and their time at CPA. This year the class of 2016 is proud to honor Mrs. Bray Campbell. Mrs. Campbell is a middle school English and Language Arts teacher and has also served as the varsity soccer coach. She influenced the class of 2016 for three years while in middle school. From screaming down the hall at a boy to take his hat off, taking someone's phone, drilling wordly wise in the heads of her students daily, giving great advice, revising papers for high schoolers, and always respecting her students; she has been there for us throughout the past seven years. Thank you for always pushing us to do our best, educating us to the best of your ability, and teaching us how to be respectful and successful students.

Love,  
The Class of 2016
