

Foreword

Among our feeling of triumph there is also a feeling of sadness within our hearts, for we realize that our last days are spent at Cottageville School. Many wonderful days we have spent together, sharing with each other our joys and sorrows, will always remain within our memories.

Now that the time has come when we must bade farewell, we wish to say that no matter how far away we may be our thoughts shall be constantly centered around the days that were spent at Cottageville School.

May the CYPRESS AND PINE reveal the many wonderful memories of our highschool days and keep them locked forever within our hearts.
