Maggie,

This is too much. Time is too fast. My sister is graduating!  
Now that you're leaving I have no one to blame stuff on. But  
then you always got mad anyways. For the times you were there  
and I had nothing to tell you to the times you weren't there and  
I always had something to tell you. I guess I'll probably end  
up talking to myself. But in brief... I hope you have fun at  
college, and always remember that I love you. Keep in touch.

Love ya.  
"Love Always"  
your lil' sis  
Connie

P.S. You're not gonna be here to kick me outta your room!

Congratulations Sis!!  
Keep up the good work!!  
Love, Samuel

Congratulations & Best of Luck in the  
Future!  
Love,  
Mandy, Scott, Sarah, and Paige

Turn around an you're one, turn around and you're  
four. Turn around and you're a young lady going out  
of the door.

Always look to God and he will see you through.  
We Love you and are very proud of the wonderful  
young lady you have become.

Congratulations,  
Mom & Dad
