

# 2002 Reflections

*Seems that it was just yesterday-  
We were learning to read and write  
in first grade*

*Now we are seniors at the top  
Reflecting on the memories  
we have made*

*Our twelve-year journey is complete-  
And now that two thousand school days are done  
We feel the pangs of nostalgia-  
Remembering the work, the laughter, and the fun.*

*At this time of celebration  
We cannot help but pause to give praise  
To Dorchester Academy-  
A place, a people- we will remember all our days.*

*Thanks for the memories*
