

## "HAPPY DAYS"

The 1976 Junior-Senior was a nostalgic look at the 50's. The Junior class worked diligently to recreate common scenes of our lives in Walterboro. We danced on Main Street and down Jefferies to Dairy Land where we filled ourselves with delicacies and punch, but no BURGER-BASKETS!

The evening began with a drop-in at the home of Mike Upchurch. We then proceeded to the gym where our evening passed all too quickly. But the fun did not end with the dance, as most of us continued the good times at Edisto Beach . . .
