

The members of the Talon staff have tried to produce an annual that will rekindle memories of this school year. To construct a better annual, six members attended an annual workshop at Wofford College during the summer. Mrs. Nettles, Cheryl Carroll, Joy Padgett, Ginny Sams, Terry Grayson, and Tara Hudson learned many new techniques such as; the uses of spot color, full color, new layout designs, and uses of graphic designs.

The staff would like to thank Mr. & Mrs. John Truluck and Mrs. Wendell Henderson for allowing us to use their homes for some of our pictures.
