

## J.V. Girls Basketball

The Junior Varsity girls finished the season with an outstanding record of 14-2. The girls have equalled the best record that a J.V. girls basketball team had ever produced. The last two years the team has won two first place trophies in the regional tournament. This year, however, because of the J.V. tournament cancellation, this year's team can't receive the first place trophy. Their record shows that the J.V. girls are certainly worthy of that coveted first place.
