Every day we gamble with Fate, hoping that an accident or illness won't strike our loved ones, or ourselves. Unfortunately, accidents or sickness do happen, and so many times they can't be prevented. However, you can be financially prepared through our modern HOSPITALIZATION plan. A plan that is designed so that you can't afford to be without its benefits.</p> <p>The CAPITAL LIFE AND HEALTH INSURANCE COMPANY</p> <p><i>"The Company Carries The Risk; The Uninsured Takes The Risk."</i></p>
