

## **Message From The Principal**

This has been a wonderful school year, 2004-2005. All of our students and the faculty and staff have worked very hard and we have reaped the benefits. We credit this success to the strong partnership that we have between our parents, students, teachers and staff and the school community.

Our goal has been to challenge our students by providing an excellent education in a safe and inviting environment. We believe that all our students can learn and succeed and they always rise to those expectations.

We dedicate this yearbook to all our students----- those who will be leaving us and those who will remain with us. We are extremely proud of each and everyone. We challenge you to continue

**Reaching Higher and Shining Brighter**
