

## SENIOR CLASS HISTORY

Edwin Barnes has been one of our athletic "stars" and is very capable.

Lillian Smoak has added much to the social and athletic life of our class.

Harold Spell was one of our power in the field of mathematics and English.

Our inseparable sisters have been Annie Lois and Dorothy Hutto. They have always co-operated with the class.

Martha Sauls has been outstanding in Home Economics and is one of our hardest-working and most faithful members.

Our tallest girl, Mildred Maxey, has been one of our most outstanding athletes.

Edward Lyons is one of our quietest members. His motto seems to have been to "mind his own business".

Our usually merry class increased its merriness about two-folds with the addition of Virginia Culpepper and "Dot" Smith. Virginia is our outstanding musician and Dot has been a friend of all and it is impossible to be around her and not be her friend.

Our comedian and second Will Rogers is Bruce Harrell. There has never been a dull moment since he joined us. Billie Padgett is our "Dizzy Dean" but he is not a hold-out. He is very cooperative and has a very fine spirit.

Jack Steedly and his guitar have become inseparable. He is our "Romeo".

The last student to join us was Edwin Crosby. He has always been attentive in class and has never been a "disturber of the peace".

We were very unfortunate to have lost Alva Linder, one of our members, due to illness during our Senior year. We are glad learn though that Alva will return next year and continue his course of studies
