MISS MARY McINTIRE

This, the twenty-first volume of our school's history, is dedicated to Miss Mary McIntire, who supervised the production of the first twenty Roundups.

Miss McIntire's work shall serve us as a guide, not a goal. A goal is a standard of excellence capable of our achievement.

Foreword

Sustain tomorrow's road.
Edmund Blunden

Tomorrow let us do or die!
Thomas Campbell

Tomorrow's uprising to deeds shall be sweet.
William Morris

Tomorrow to fresh woods and pastures new.
John Milton

Will she kiss me tomorrow?
Henry Austin Dobson.

The golden promise of tomorrow permeates and illumines man's history and literature. Always that unborn day after today is the focus of our plans and hopes. Enterprises "of great pith and moment" are projected for tomorrow. Or, enterprises of less gravity and more piquancy beckon, as in Mr. Dobson's question above. Whatever the individual case, tomorrow is a universal obsession with mankind.

And what a glorious tomorrow is in store for us!

The earth satellites of today presage the space travel of the future. The conquest of polio tells us that no disease is invulnerable to man's scientific discoveries of the next few decades. The continuing existence of the United Nations, despite vast disparities of ideology, is our hope for tomorrow's united mankind, for the eternal abolition of war as an instrument of national policy.

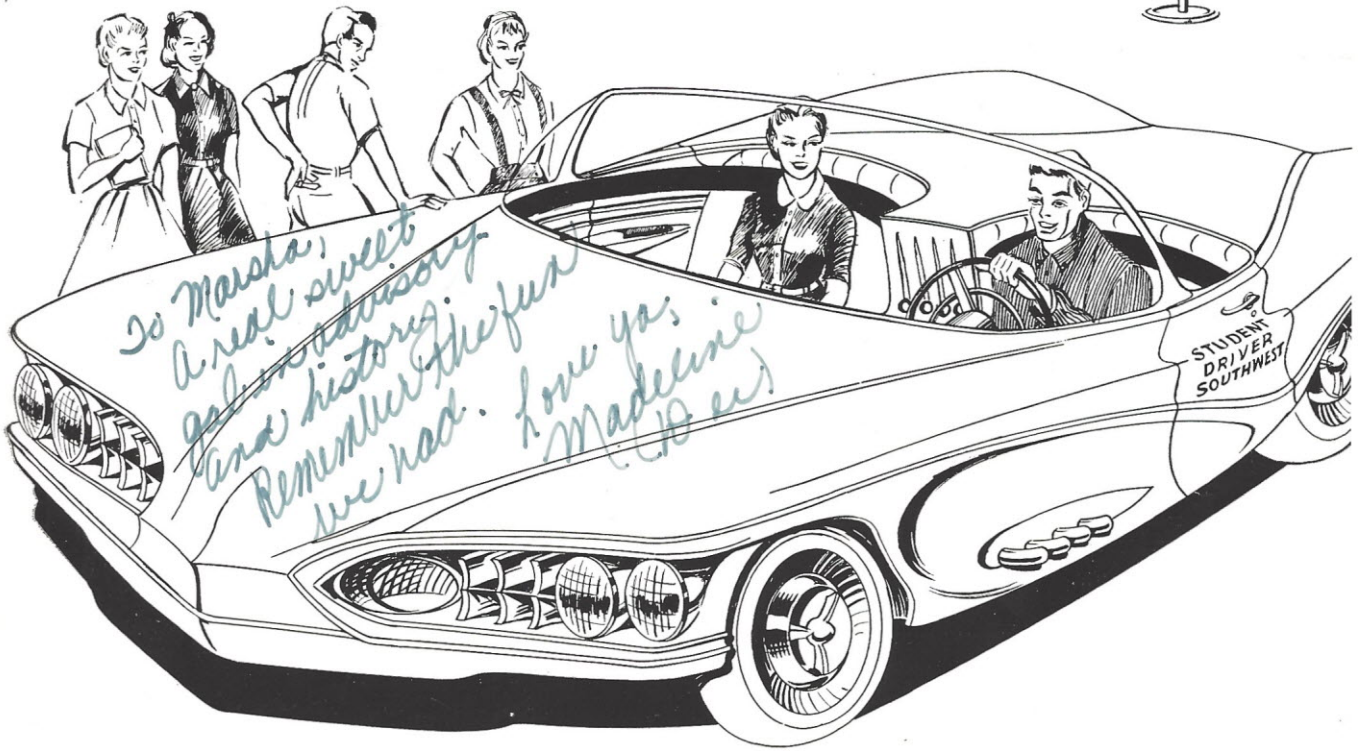

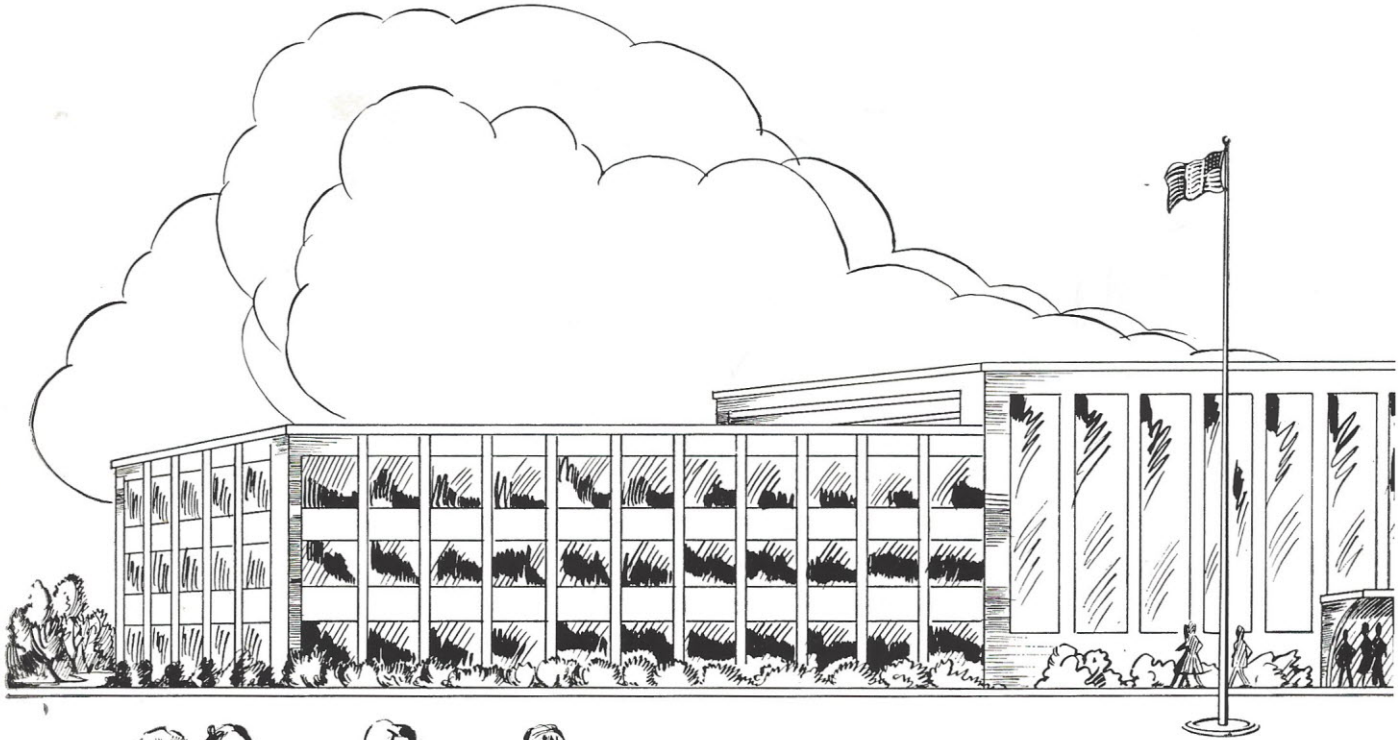

Dreams? Certainly these are dreams. But the progress of the last hundred years is proof that no dream is impossible of achievement in the next hundred, if men utilize their divine gifts of reason and foresight. These dreams will be realities—tomorrow.

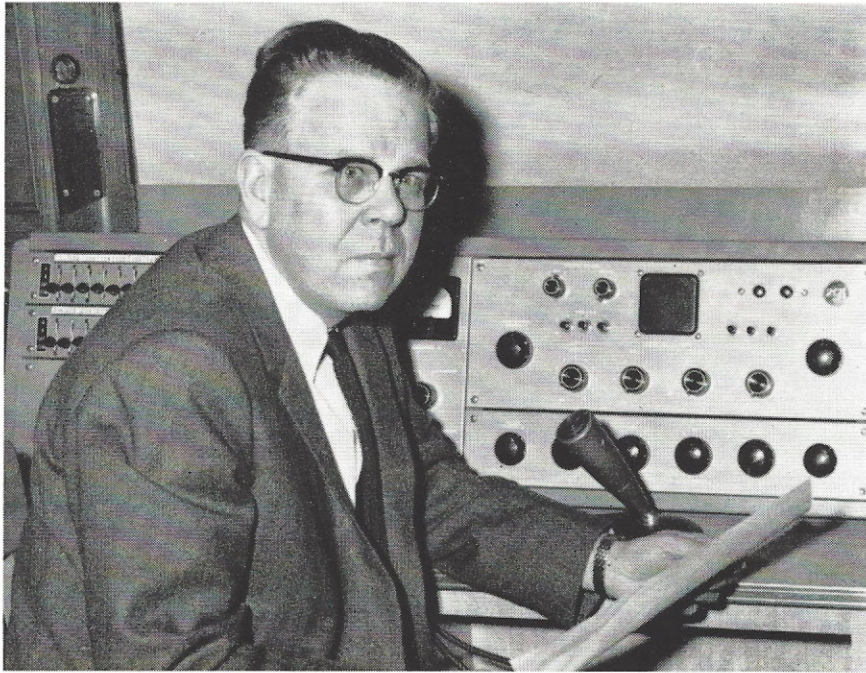

Prepare for tomorrow well.

Enjoy it wisely.

It belongs to you.

The Student Council

What gives a school its distinctive characteristics, its loyalty, its esprit de corps? Many organizations and individuals, of course, contribute, but the essence of a fine high school's cohesive spirit of achievement is the Student Council. Southwest's Student Council, under the inspired Guidance of Miss Corine Hachtman, has again this year epitomized the progress of the entire school.

From fall Hello Day to Spring Dance, the Student Council works to make Southwest tops in the city.

The functions of a Student Council are manifold.

Primarily, this organization is the link between the student body on the one hand and the administration and faculty on the other. Besides this basic job, the Council, through its committees, effects a respect for school property, fosters school spirit, and sponsors dances and other galas, such as Hello Day, which enable the entire school to get together. Truly, our Student Council is the most vital single student group at Southwest.

Student Council — Fall

The student council is a truly democratic organization. Each advisory elects one representative and one alternate, thus giving the mighty seniors and the minuscule ones equal representation. These representatives are the real leaders of the student population. They all have good scholastic records, and all possess the qualities of reliability and leadership.

At the head of the council are a president, vice-president, secretary, and treasurer, officers who are elected by all Southwesterners. The candidates for

these offices present their platforms at a special auditorium session each semester. So far, no candidate in history has lived up to his campaign promises. If these somewhat optimistic speeches had been fulfilled, Southwest would have several swimming pools, escalators, color television, and hot pizza served in the classrooms. Once elected, however, our officers curb their imaginations somewhat, and set about the serious business of directing a year's activities.

We think they do a superlative job.

An educator in a distant city once diagnosed the problems of the local high school in this manner: "The teachers are afraid of the principal, the principal is afraid of the parents, the parents are afraid of the children, and the children — they aren't afraid of anybody." Obviously, that school did not have an active Parent-Teachers Association.

The P. T. A. is the catalyst that fuses the disparate members of our Southwest family into a harmonious entity. It does much more than this, however. This year, under the leadership of Mrs. Gus Gruenewald, our P. T. A. gave the school two

much-needed microphones for the auditorium, contributed heavily to the band uniform fund, assisted in the successful school tax election, served refreshments at the dedication of the new addition — the list is too long for this page, but not for our grateful remembrances.

The Southwest P. T. A. has 814 members, leading all St. Louis high schools. We feel that it leads all high schools everywhere in generosity, co-operation and plain hard work!

Thanks.

Miss Marguerite Scarato

The traditional Miss Southwest Presentation and Dance was held in the auditorium on October 18. First, Student Council President, Al Antoine presented each of the seven maids. Bette Tapella, Susie Jones, Joanne Eggeman, Salle Eschrich, Judy Thatcher, Carol Crutcher, and Effie Dubis entered the Court of Love and Beauty carrying bouquets of white chrysanthemums. Then, amid the strains of "A Pretty Girl is Like a Melody", the queen, Miss Marguerite Scarato entered. Wearing the traditional white gown and carrying a large spray of yellow mums, she ascended to her throne. She was there crowned Miss Southwest and presented with a silver bracelet inscribed Miss Southwest, 1957. Dancing in the gym to the music of Carl Rossow topped off the festivities for the Queen and her Court.

 Right (starting at top) Sissie Jamieson, Barbara Milford, Sandi Evaneck, Charlotte Webster, Effie Dubis.

Cheerleaders

"Yea team, fight, fight, fight", such cheers as this lead our football team to its first city championship. Leading the cheers were our fine cheerleaders. To become a cheerleader, a girl must be a good citizen, a good student, and must be elected by the student body.

The cheerleaders perform at aud sessions, football games, basketball games, and at field day. Another duty of the cheerleaders is to train future cheerleaders in the cheerleaders club. Much of the credit for this fine group is due to the hard work of Miss Burgett. Congratulations are in order for the newly elected cheerleaders:

Co-Captain
Bill Gebhardt

The fall of 1957 saw the Public High League and City championships captured by our own Southwest Longhorns! The Steers, under the coaching of Mr. Kenny and Mr. McArtor and the captaincy of Bill Gebhart and Jack Palmer, came back from a poor start, consisting of a loss to DuBourg, to beat down all league opposition and throttle Catholic Athletic Conference champions, St. Mary's, in the Thanksgiving Day game at Public Schools Stadium.

A short two weeks after the opening game loss, SW fans thrilled to see the fleet Longhorn backfield, rolling behind one of the fastest lines in the district, trounce their first league foe, Roosevelt 26-0. After that the score of zero for the opponent became a habit as the stalwart defense refused to allow a single league opponent to score a touchdown, thus establishing a record unequaled in Public High League history.

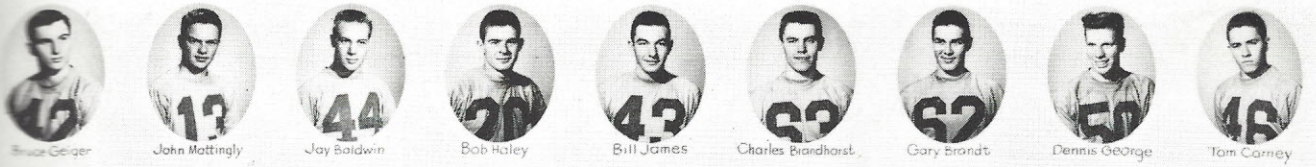

Offensively, the G-man backfield, directed by one of the smartest quarterbacks in the area, overwhelmed all league opponents, as Southwest lead the league in scoring, yards rushed, and first downs.

In the Turkey Day game, Southwest and St. Mary's fought to a first-half 7-7 tie, as lineman Rich Green recovered a St. Mary's fumble and raced to paydirt. The tables turned, however, as Bruce Geiger recovered another fumble and scored as Southwest captured its first city championship.

The Roundup staff again salutes Coaches Kenny and McArtor, Captains Gebhart and Palmer, and the 1957 Championship squad!

The future gridiron greats of Southwest finished the 1957 season with a .500 percentage, winning four and losing four. Under the direction of Mr. Merchant and Mr. Ashley, these term 1 thru 4 boys learned the fundamentals of football while experiencing actual competition. Five boys are considered good prospects for next years varsity herd. They are: Backs Bill Grana, Fred Brinkop, and Mike Rigg and linemen Ken Finn and Dave Krajcovic. Finn and Krajcovic, this years captains, agree that our hardest game this year was with O'Fallon. Southwest won that one 13-6. Coach Merchant sums up the season this way, "The team didn't come along as fast as I had expected, but on the whole it was a fair season. I hope that some of the boys whom Mr. Ashley and I worked with will be able to help the varsity next year."

The 1957 version of the Southwest tennis team, under the direction of Mr. Close, defeated all comers, thus gaining the fifth Southwest tennis championship! In the short space of two weeks, at the Jefferson Memorial Courts in Forest Park, the netmen racked up all league opponents, winning each match by the score of 5-0. Southwest, Mr. Close has stated, has assembled an outstanding group of racquetees who collectively average at least two more years of high school eligibility. In the fall of 1958 Mr. Close will face the loss of only two members of the championship squad. They are three year man Gene Ziervogel and Alternate Rich Gephardt, while the other "old man" of the squad, Steve Bryant, will be entering his third and last year of competition. The rest of the squad shapes up this way. At first singles, outstanding young Cliff Bucholz, who received his first letter. Tyler Hauk gained his second monogram while holding down second singles. Bryant saw action at third singles, while Jim Nelson, in his second year, teamed with newcomer Ron Moehlenhof to pace first singles. Ziervogel's partner, Art Ruff, will be back at second doubles after two years of experience and looking forward to two more. Coach Close comments, "Winning the championship was a great thrill. Next fall we will need two replacements, and I'm hoping to see hot competition for the two spots." These spots should be well worth fighting for. The Roundup predicts another championship for Coach Close and his squad and extends its congratulations.

Varsity Basketball

The 1957-58 basketball season saw the SW cagers bring more honors to the school than any previous team. The fighting five finished second to Cleveland in P.H.L. competition, while tournament-wise Mr. Ashley's crew captured third place in the De-Andreis tourney. After the close of regular season play, the Longhorns met and defeated Roosevelt and St. Mary's before bowing to St. Louis U. High, who finished the season with a 21-0 record. These two victories brought SW a large second place trophy. In non-league play, the netsters were not so fortunate, winning three while dropping eight. Captaining the team were Don Spencer and Bill Gebhart, while big (6'5") Gary Gruenewald scored 426 points over the course of the season to lead his teammates. Mr. Ashley says this about next year's chances: "We are going to lose a lot of boys through graduation, and are going to have to count on some help from the B team. However, if next year's squad has the spirit of this last team, we should go far."

"B" Basketball

According to those who know sports, the purpose of the "B" or junior varsity team is not to win games, but to prepare young athletes for varsity action. In accordance with this theory, the 1956-57 "B" Cagers sent five players to the varsity squad. Mr. Close, the "B" coach, feels that another 5 boys will make good varsity material for next season. They are Herb Blase, Carl Harris, Steve Goldman, Fred Bunkop, and Charles Rehmert. Of those 5, Blase joined the varsity at the end of the

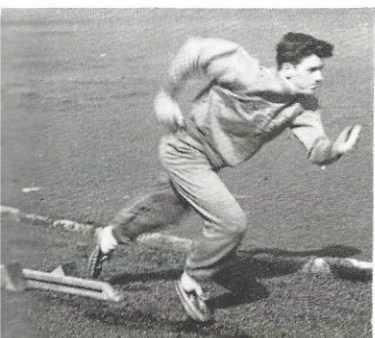

season in time to score 11 points in a regional against Roosevelt. In league play, the junior basketballers compiled a 3 and 6 record, while in non-league play the totals were the same 3 and 6.

Coach Close expects a large turnout of freshmen and sophomore boys next fall. He comments: "There will be a big rebuilding job as most of the returning boys will only be with us for half the season."

 Row Two: B. Beaty, E. Heymann, Coach Ashley, D. Becherer, D. Bartholic.

Under the coaching of Mr. Ashley and the captaincy of Don Becherer, the 1957 Southwest golf squad finished with a .500 percentage, winning four matches and dropping an equal number. The turf toppers downed Beaumont and DeAndries twice, while losing to Kirkwood and Clayton once and Principia twice. Other lettermen besides Becherer were Dave Bartholic, Bill Beaty, and Gene Ziervogel. Southwest won the Public High League championship in 1955 but there has been no competition since then. Mr. Ashley explains it this way. "In the other P.H.L. schools, there seems to be a good number of boys who want to play but no one is willing to coach them. As a result, we have to seek out matches with county schools, who receive more school support and have better facilities." About future chances, the coach has this to say, "We should have a good season as all our lettermen are returning. But they will all graduate in June so I would like to see a large turnout next spring."

The 1957 version of the Southwest baseball team finished in the middle of the Public High League race with five victories and five defeats. Otherwise, the Steers were not so fortunate, dropping their two non-league encounters. The Steers appeared to be on their way toward winning SW's first baseball championship since 1951, winning their first four league tilts. However, early season rainouts forced four games against top-notch opposition into one week. Bill Wagoner brought SW back into the victory column with a 2-hit shutout over McKinley, before the Steers ran afoul of Bonus Boy Bob Miller and his championship Beaumont teammates. Several pitchers shared the spotlight as Rod Seitz finished with 2 wins and 1 loss, Bill Wagoner and Bud Doss tied with 1-1, Charlie Witt was 1-3, and Terry Cook was 0-1. The honors for highest batting average were shared by Captain Terry Baum and third baseman Bill Gebhart, who tied with very respectable .341's. With lettermen Gebhart, Don Spencer ss, Tom McDowell 2b, and Don Sherman c, the returning SW team should be in good shape for the 1958 season.

The Southwest cindermen gained recognition last year when, in capturing the open division of the Maplewood Relays, they brought SW its first major track trophy. The team of Crowell, Gleason, Jones, Witte, Conklin, and Taylor racked up enough points to lead the field. Later, at the state meet, Crowell, Schmid, Ulbrich, and Jones set a new record for the mile relay with an amazing time of 3:30.0! At field Day, at Public Schools Stadium, Southwest captured third place in the Senior Division with 37½ points. Captain Don Jones was high with 7½ points. Junior point-getters were Junior Captain Jerry Mulkey, who placed fifth in the 440, and Ed Hewlett, who tied for fifth in the pole-vault. When asked about next year's chances, Coach Beezley has this to say, "I never like to make predictions. We are going to have to find some new material for the Junior Division and we need some Senior distance men. But Mr. Merchant and I agree that the present squad was made up of a bunch of fighters and we are looking forward to another fine competitive season."

Southwest Needs You

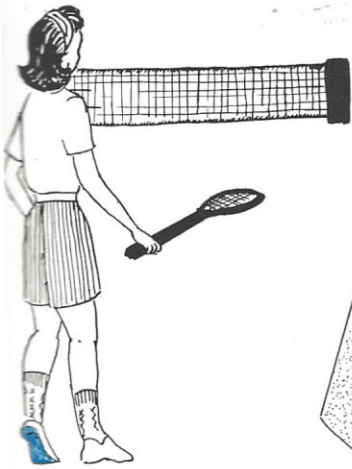

Southwest High School is proud of its fine athletic department. The first floor trophy case and 'Hall of Fame' pay tribute to these championship teams: Baseball — 1941, 1943, 1947, 1949, 1951; Football — 1951, 1953; Tennis — 1942, 1943, 1951; Golf — 1955.

In the preceding pages read about our first city championship football team and our fourth squad of tennis champions, who captured a unprecedented 40 consecutive matches. You will read of our second place basketball team and of our track team, which captured the Open Division of the Maple-

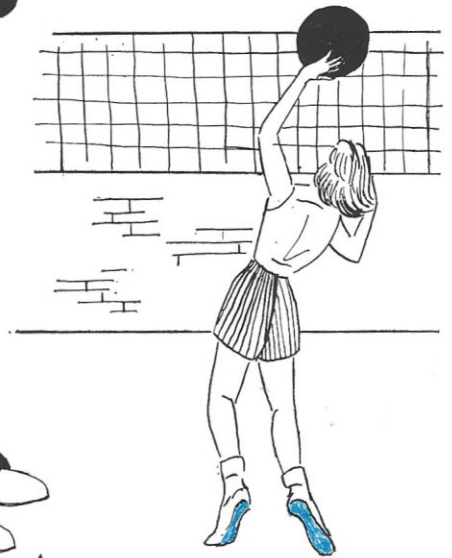

wood Relays. Our baseball and golf teams are pictured here, along side the stories of our "B" sports. The Miss SW dance, the Lettermen's Club, and the Cheerleaders all occupy prominent positions in this record of the Southwest sports year.

Now, how about you? Are you represented here, in the story of Southwest heroes, and heroines? We at Southwest need more athletes. We need managers, cheerleaders, and most of all, fans! Southwest needs more school spirit. We need more enthusiastic support at games, meets, and matches. Remember, sports fans, Southwest needs YOU!

Officials Club

Officiating every Tuesday at G.A.A. games are one or more members of the Officials Club. They are the time keepers, scorers, referees, umpires, and linesmen for the various G.A.A. sports throughout the year. To insure the success of any tournament, competent officials, capable of making accurate decisions with alacrity, are mandatory. This year twenty-seven girls passed the written rules test necessary to become a qualified official. Being athletic, sports minded, and possessing a keen sense of fair play, they did an excellent job of enforcing regulations. Several of the girls plan to teach physical education, and the knowledge acquired through this club will help them to attain their objective. As the G.A.A. is growing in membership, the officials club anticipates an even busier schedule next year, timing, scoring, and refereeing the games to be played.

Girls Bowling

Wednesday Teams

Yippee! I got a strike! Oh, golly! Not another gutter ball! Hooray! I picked a split! These expressions are well-known to the girls of the Bowling Club, sponsored by Miss Ulbricht. One of the most popular organizations at Southwest, its membership of forty-eight teams, necessitates its division into Wednesday and Thursday groups which bowl after school at Arway Bowling Alleys.

In the first semester's competition "The Stinkers," captained by Karen Duchek, emerged in first place. Second place went to Jan Baldwin's team, "The Six Misses," and placing third were "The Crazy 8's," Janet Ker's team. Kathy Italiano owned the highest average of 132. High doubles, 309, were rolled by Karen Duchek, with Donna Bloomquist's, 182, standing as high single.

Officers elected for the year were: president,

As the Roundup went to press, no team owned a substantial lead in the second semester's competition. Also, in the second semester, eight teams entered the National Mail-o-graphic tournament. These teams competed against teams from everywhere in the United States and foreign countries. Trophies and awards for the local schedule were presented at the combined G.A.A. and Bowling Club banquet held at the end of the season. Judging from the past success of the organization, bowling will always be an important part of the school life at Southwest.

Tap Club

Tap, tap!—tap, tap! This is the familiar sound every fall when the girls from the Tap Club hold their Thursday evening meetings. Creative dancing to tap music is performed by each member of this club. As part of their activities this year, the girls utilized their talents by working on music for the operetta, "Sweethearts," and the dance groups were a major contributing factor to its success. The club was also used for operetta tryouts. This is one of Southwest's newest groups, and is fast growing in popularity. If you girls wish to tap your toes and slim your figures for the latest fashions, look forward to the fall semester when the Tap Club will again meet and "tap, swing, tap" to the sweetest music at Southwest.

The Tap Club is under the direction of Miss Jean Mueller. Each year, the club serves a manifold purpose for its members. First, of course, the girls enjoy dancing, and enjoy the companionship offered by this genial Southwest group. Second, they develop skill in creative dancing, with the con-

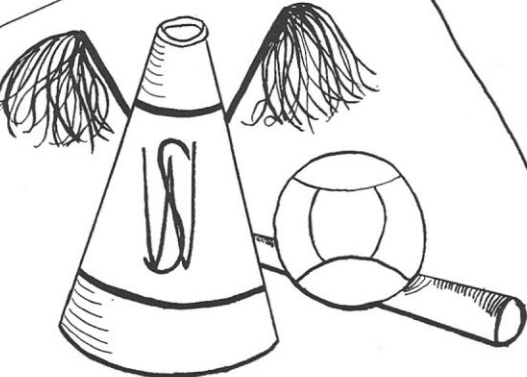

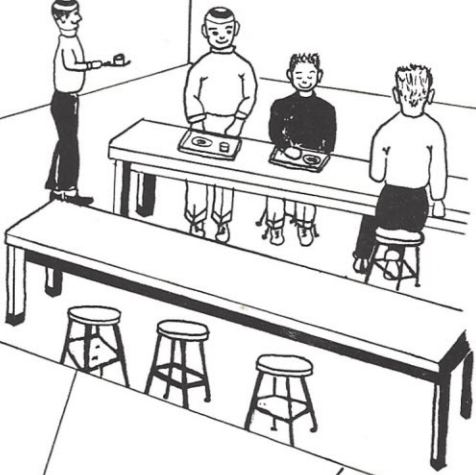

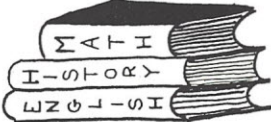

comitant valuable personal traits of poise and grace. Besides these rewards, the club serves the school by training dancers for operettas, festivals, and other school functions.

The Tap Club therefore, is a worthy addition to the roster of Southwest extra-curricular activities.

Southwest Band

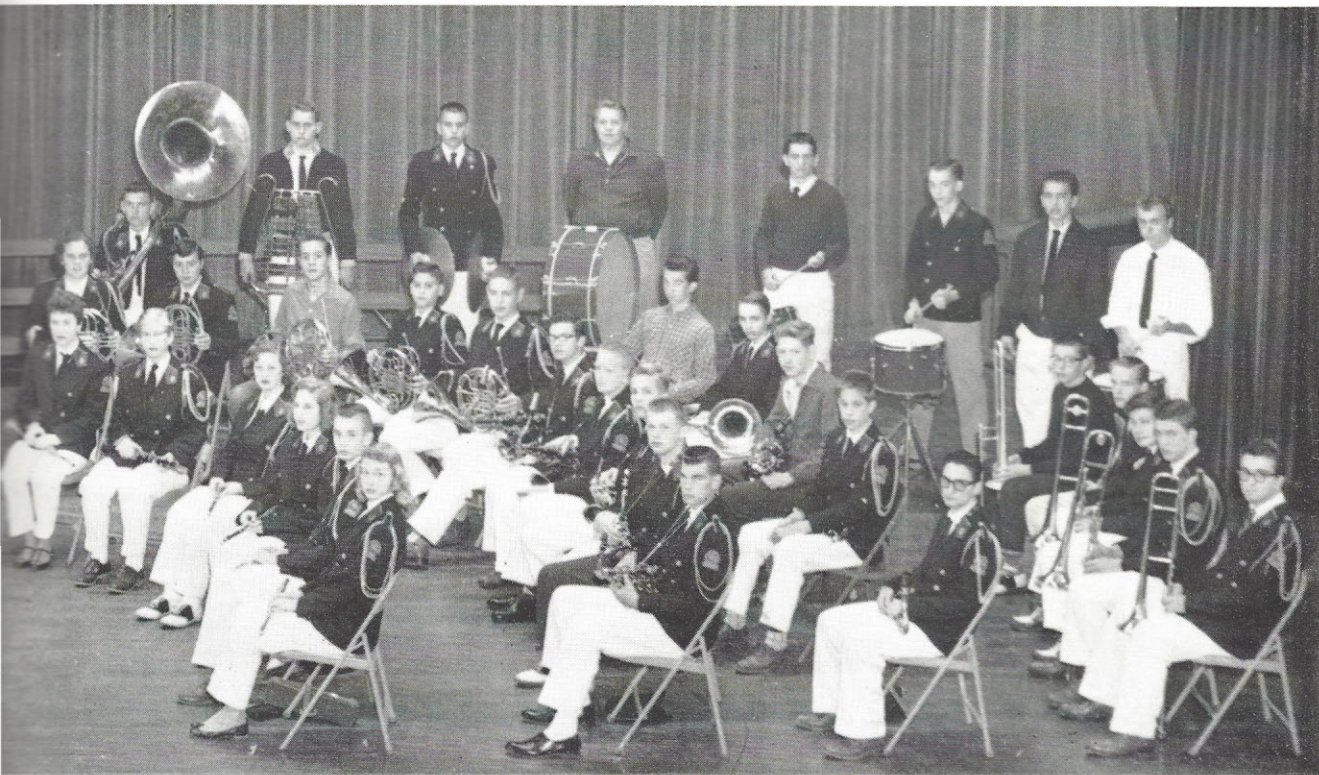

"Here comes the Band! The best in the land!" These words certainly apply to our famous Southwest Band under the direction of Mr. Libero Monachesi. Musical strains can be heard flowing out of the Band Room during A period when Monty raises his baton. Monty's music makers are not "confined to quarters." They can be heard at football games, pep aud sessions, the Spring Festival, the Band Benefit, the operetta, and other events.

A highlight of each semester is the Band Benefit. The sole purpose of this event is to raise money to purchase new uniforms for the members

of the Band, who have been using "hand-me-downs" for seventeen years.

Social events are not slighted by this group. They share in the gala annual Christmas party with the Orchestra in the cafeteria. Fun, prizes, and refreshments are enjoyed by all.

Outstanding members of our Band are the majorettes who add the finishing touches to the group. On warm spring and fall mornings they may be seen heading a melodic procession on the playing field in front of school.

Orchestra

Director: Mr. Monachesi

Sharing the noted Band Room with the Band is another famous group, Southwest's Orchestra, also directed by Monty, who takes great pride in this splendid group. Expanding year by year, the membership now numbers more than seventy musicians.

Among its performances this past year, the Orchestra has participated in the Hello Day program, this year's operetta, "Sweethearts," the Spring Festival, and the Miss Southwest Dance. A treat to the musicians this year was experienced during the Memorial Aud for Mr. Walter Wilcox. Members of the Little Sym-

phony were among our own orchestra members. Monty was very proud of his "music makers" as they performed forth the greatest triumph in the glittering history.

Not to be overlooked are the strains of "Pomp and Circumstance" with which the Orchestra permeated the auditorium each Class Day and again at the commencement exercises. Orchestra members have social life also. Sometimes they combine with the Band, such as at the Christmas party, one of the highlights of the year.

Clef and Quaver Club

Sponsors: Miss Meyer,
 Mr. Monachesi

Southwest's Clef and Quaver Club is composed of members of the instrumental and vocal groups who have earned a music letter. To earn a music letter you must belong to one of Southwest's seven music groups and faithfully participate in all the group's main activities, such as operetta and spring festival for at least four semesters. The music groups are Band, Orchestra, Advanced Chorus, Juniors' Glee, Girls' Glee, Boys' Glee and A Cappella Choir.

This Southwest Club is five years old and claims eighty two talented musicians. It was organized to help create an added interest in music and to give members of the vocal and instrumental groups a chance to become better acquainted and to enjoy activities together.

A Cappella Choir

Director: Miss Meyer

Here stands our choir . . . with all the dignity possessed. This is perhaps the finest and most "looked-up to" group at Southwest. Besides being such fine citizens, they bring us the solace and exultation of music through their fine entertaining for outside organizations and programs in our own auditorium.

This semester Bill Keller held the office of president and along with Martin Hasek served as student music director in Miss Meyer's absence.

Any member of the Choir is proud to say so because of the great reputation it has obtained and upheld through the years.

Many times Miss Meyer has had to turn down requests for the Choir's appearance because of bookings previously posted on that date. One of the biggest engagements this semester was at the Scottish Rite Cathedral May 8 where the Choir sang four special numbers accompanied by the orchestra for "America the Beautiful," before a crowd of about four thousand.

Late in the spring of 1957 a recording of several numbers by the Choir was taped and sent to California to be made into a long playing record.

Just to give you an idea of their activities, there is a calendar of events on the next page along with some campus shots.

Advanced Chorus

Interested in singing? Let's see what Southwest has to offer. You will find a music group to suit you and period of the day. The first and seventh periods find us in Advanced Chorus. This group is composed of both boys and girls, semesters one through eight. Besides having no grade lower than a C, the only requirement is an interest in music.

The Advanced Chorus has been before the public in the operetta, the Christmas aud, the Spring Festival, and a special P. T. A. aud.

Director: Miss Meyer

Socials are carefully planned by the competent officers of the groups. Sometimes the Advanced Choruses combine with the other music groups for parties. An example was the big party of the season made possible by the Clef and Quaver Club and the combined music groups including Band and Orchestra.

In addition to work and play, experience is gained in singing with a mixed group.

Girls Glee

Director: Miss Meyer

One hundred lilting voices blending harmoniously — that is our Girls' Glee organization. Like any successful blend, this one is the result of long hours of practice, skillful direction, and sincere enthusiasm. During the course of the year, this group performed for the nujays in a freshman aud, the Band

Benefit Show, Hello Day programs, the Christmas aud, and our operetta "Sweethearts." Their season closed with a performance at the Spring Festival.

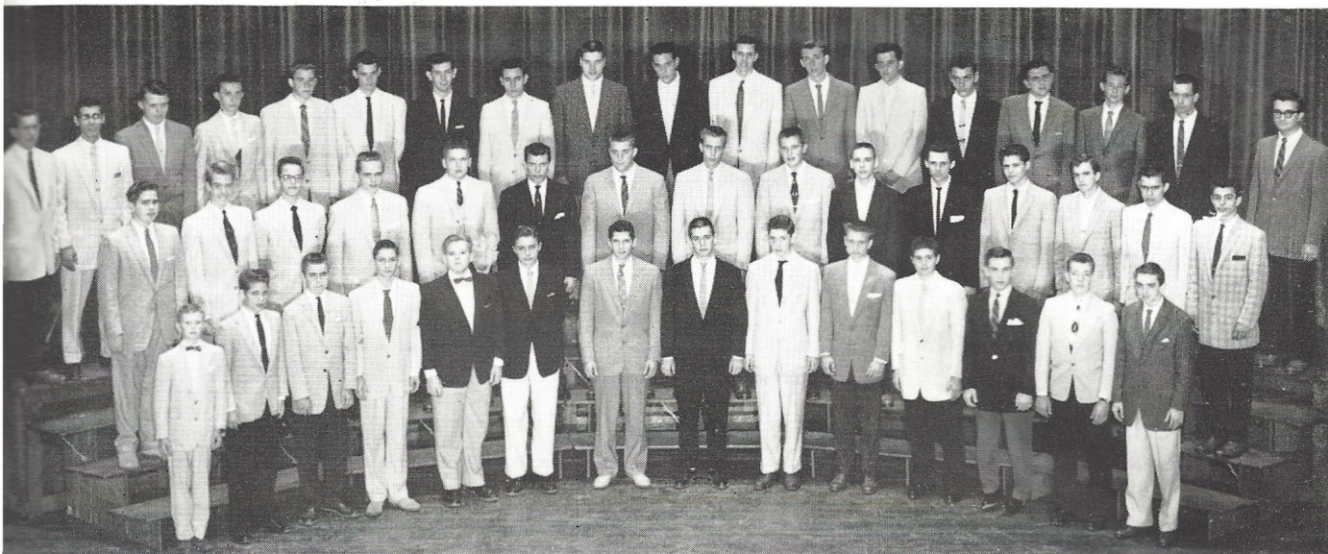

Like most girls the members like boys, but sometimes prefer to get together for just "girl talk" at a pizza party or pajama party.

Throughout the entire vocal department it is customary for the members of each class to entertain the graduating seniors. The officers of the groups form committees to plan and present the programs.

This is a very active and well-known group throughout Southwest and will always be remembered for its many outstanding contributions in the fields of music.

Boys' Glee

Director: Miss Meyer

What about the male voices at Southwest? The answer to this is Boys' Glee. Miss Meyer is very proud of this group of select boys who take such an interest in music.

Their director is not the only one who is proud of this choral group. Any of these boys will boast of belonging to Boys' Glee. Satisfaction and honor readily come to a member for appearing in school productions such as the semi-annual Hello Day programs and the operetta. This year the boys sang to their "Sweethearts." Other programs include the sacred Christmas program, the Spring Festival, and special aud sessions.

Out of this group of virile vocalists come future members of Choir, the highest realm in the music world at Southwest.

Besides being talented, the Boys' Glee members are gregarious. They join with other music groups for parties and fellowship throughout the year.

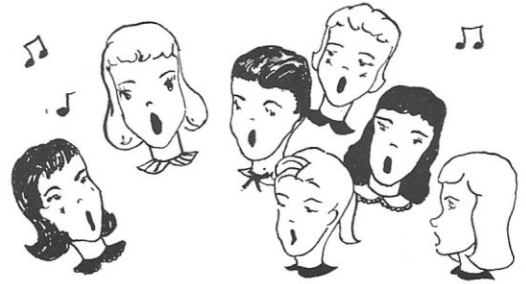

Junior Girls' Glee

Director: Miss Meyer

This group is now four years old, and each year sustains its reputation as a worthy addition to our Southwest music department. Most of these gleeful girls are freshmen and sophomores, but Miss Meyer welcomes juniors and seniors as well. Members of Jr. Girls' Glee progress to Girls' Glee and Choir after this musical incubation.

The members of this group join the other choral groups in operettas, Christmas programs, and Spring Festivals. These girls are welcome, hard-working members of our Southwest music family.

The Jr. Girls' Glee contributes to social as well as musical harmony with a semi-annual "get acquainted party" usually held at one of the girls' homes. They also join their colleagues in other music groups for extra-curricular convocation.

Pep Club

The ebullient, good natured girls who make up Southwest's Pep Club deserve a lot of credit. Under the expert leadership of their brand new sponsor, Miss Burgett, the girls learn the correct pitch, diction, and tone quality needed to carry our Southwest cheers across to our opponents.

These girls brave the worst of weather to get to the many different stadiums, where our teams play. On arriving at the games, these "peppy" girls go all

out in their enthusiastic cheering. This past year their enthusiasm has helped it seems, for as we all know our Southwest Longhorns have won the 1957 City Wide Championship, our Southwest Cagers have come in second in the City Wide Competition, and our fabulous tennis team finished up their season in first place. Needless to say, the cheering coming from the Southwest spectators helped our

teams to make 1957 a year to be remembered at Southwest for a long time to come.

Annually, at Southwest there is a Cheerleaders Aud, at which ten girls are chosen from the Pep Club to take over the all important job of the cheerleaders. These ten girls are elected by way of votes from the entire student body.

So, if ever you should happen to hear thunderous noises coming from room 400 don't be alarmed it is only the Pep Club practicing.

Have you got that spirit?
yea man!

You gonna keep that spirit?
yea man!

You gonna win 'em all?
yea man!

Boys Bowling

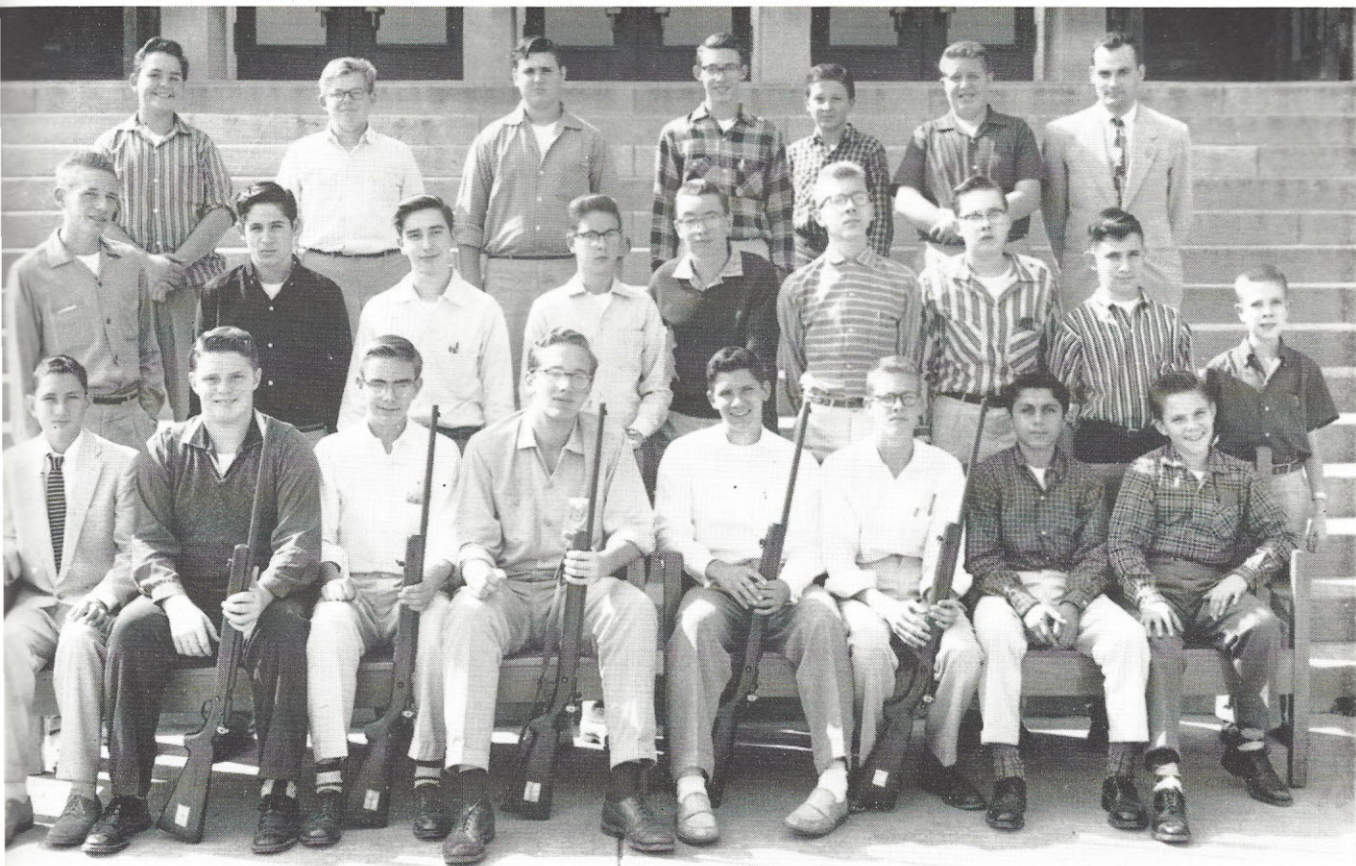

The biggest news of the year was the formation of the Boys' Bowling Club. You'll discover sixty energetic members excitedly shouting such expressions as "Strike," "Spare," or "I clipped a split," over at Arway Bowling Alley after school every Tuesday.

In the midst of the crowd, you'll probably recognize Mr. White, the sponsor, participating on one of the

teams. Besides sponsoring our bowling club, he bowls on the Harris Teachers College team.

Five of the leading members of the club belong to the St. Louis Junior Travelers League and are also taking the honors at Arway with a record of sixteen games won and five lost. These members are Gram Havener, Dennis Keller, Karl Kneile, Bill Leuchtefeld, and Lynn Wallerstedt.

Perhaps this "pistol packing" club will be shooting for the stars in the future. This past year though, this target shooting group, which consists of thirty members, met at the National Guard Armory every Friday after school, under the guidance of Mr. Leftwich, to try to improve their shooting techniques. They practiced marksmanship from four positions: prone, kneeling, sitting, and standing.

The six best marksmen were chosen to represent SW as a team. These six shooters kept plugging for perfection and succeeded in clinching second place in their division in the league with other St. Louis area schools.

These top six were Bill Mason, Rich Lohse, John Burch, Johnny Leonard, Dave Wisc, and David Glaves.

"This year has been our busiest, yet the most satisfying and successful. We finally are seeing some results," commented Miss Funk, sponsor of the Photography Club.

This year marks the club's sixth anniversary, and through the efforts of the members, they have managed to equip their darkroom at SW. The activities of this group have covered a wide range. They have taken pictures for the American Can Co. Day, the Roundup, the Pioneer, the Operetta, and Hello Day auds. Besides "shooting" everything in sight they have visited a commercial studio to study the art of engraving.

Yes, the SW stage would be dull indeed without the flashes of the club members to brighten the dreariest day.

The F.T.A. Club, as it is called for short, strives to encourage young people to enter the teaching field and to acquaint them with this profession.

The members meet every Monday at 3:15 at which time Mr. Pinkus leads them in planning their weekly activities. They are busy taking field trips to places of interest, or inviting individuals to come to their meetings and tell them of the "life of a teacher". Miss Ajango, a teacher here at Southwest, was one of the lecturers. In addition, a retired professor from Washington University pointed out some of the advantages of teaching.

A highlight of this year's activities was the Christmas party which was shared with the Future Nurses of America, a friendly group with purposes quite similar to those of the embryonic pedagogues.

1957 saw the beginning of a very important club at Southwest. Mrs. Carter, who was also new to Southwest, brought with her the idea of a Future Nurses Club. The Club was an immediate success, attracting many girls planning to become the much needed nurses of the future.

Besides getting their roots firmly planted in Southwest, Mrs. Carter and the girls have been very busy fulfilling the purpose of the Club: to help future nurses of America understand and become acquainted with the life of a R.N. They have visited many hospitals around St. Louis, a few of which are Deaconess, Jewish, Barnes and Children's. In addition to these activities, the club has been addressed by visiting members of their chosen profession.

Are you a Gallophile? You don't know? Do you like French food? Paris in the spring? French fashions? You're a Gallophile, and the French Club is the organization for you.

Le Cercle Francais, sponsored by Miss Ernst, has always been one of the most popular and active groups at Southwest. The club's many activities include, of course, French conversation, singing gay French songs, and, through movies and talks, learning more about the most romantic nation on earth.

The future scientific minds of America have had a busy year visiting establishments of the Tool and Dye Department of the American Can Co., Washington U. physics building and the cyclotron there, and the General Motors Assembly Plant. During some of their meetings they had the opportunity to watch films such as Preface to Physics, New Advances to Aviation and Rockets that Guard Our Skies, and also had the honor of hearing a speech given by Mr. Harvey Gershonson, a member of the Engineers' Club of St. Louis.

The German Club members meet every other Thursday in room 211, at 3:15. They view movies, tell stories, learn poems and idioms and sing old German folk songs. These activities teach them the practical use of the language they learn during class time. This is the purpose of the club, and it is enjoyably achieved.

This year, with a new sponsor, Miss Ajango, the club has undertaken the publishing of a German newspaper (for members only). Writing to high school students in Germany is another new project started this year.

Flying from "Germany" in our supersonic space ship we head toward the NEW PAN AMERICA which is in the world of SW, room 211. The members meet every other Thursday under the direction of Miss McNamara, who gives her time and effort to make the club a success.

The most important social events that took place this year were the Christmas party, and the picnic given at the Whitehouse home.

If you're interested in Spanish, here is your chance to come and join with your fellow comrades in the world of songs, films, and fiestas.

About one hundred and fifty students of Southwest High belong to Hora Latina. This club is devoted to the study of the people of ancient Rome, their language and culture. Not only do these members benefit from a widening of intellectual horizons, but their knowledge of English is greatly enhanced through the study of its etymological ancestor.

Miss Steffen and Miss Woody, co-sponsors of Hora Latina, do much to dispel the popular misconception that Latin is a dead Language. As long

as the eternal city of Rome exists, as long as people speak Italian, French, Spanish, Roumanian and Portuguese, Latin will be of vital interest to modern scholars.

Besides the Romance languages, there is a very real place for Latin in this country. The learned professions, law, science, medicine and theology, require a background of Latin.

The members of Hora Latina enrich their scholastic careers, preserve the golden heritage of the past, and also have an enjoyable hour with their friends every other Thursday.

The Pioneer

Do you have worries, frustrations and ulcers? If you are looking for a place to "relax," visit the Pioneer room. Once you become entangled with the busy crew in the "mad" rush to get the paper ready for the deadline, you'll soon forget your problems and marvel at how they accomplish even the impossible.

This year marks the 20th glorious year that the Pioneer has been in existence, and during these 20 years, it has received numerous top honors from

such leading press associations as the National Scholastic Press and the Missouri Scholastic Press Associations. Latest among these awards was the "International Honor Award" from the Quill and Scroll.

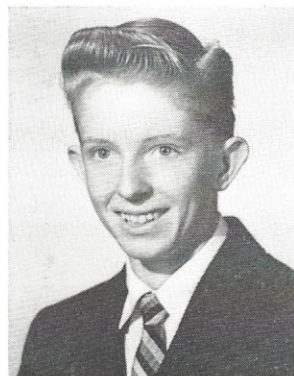

The Roundup wishes to extend its congratulations to the sponsor, Miss Murphy, and her vivacious staff, who have made the pioneer such a success, and hope they have another 20 "glorious" years.

Practice Makes Perfect

Curtain Call

"It makes no difference how old or how young you are, you can always enjoy a good theatrical show", says Miss Meenach.

The ambitious students who are Southwest's accomplished Thespians lead very busy lives. Besides studying the theories and practices of the theatre, they plan and put on plays during every yule-tide season, and for the freshman and P.T.A. meetings. The freshmen enjoy two treats during a year's time, for Dramatics One has a special production for them, besides the Christmas play.

Miss Meenach supplies her Dramatics One classes with pantomines and comedies, while her Dramatics Two students spend much of their time on tragedies.

Who said Dramatics classes were afraid of hard work? They even bring out the hammer, nails, pliers and paint to make all of their own scenery. They plan all of their stage sets and make the costumes needed for their performances.

A highlight of this year's activities was Miss Meenach's excursion with twenty-six of her students downtown to see "The Diary of Anne Frank."

Radio Workshop

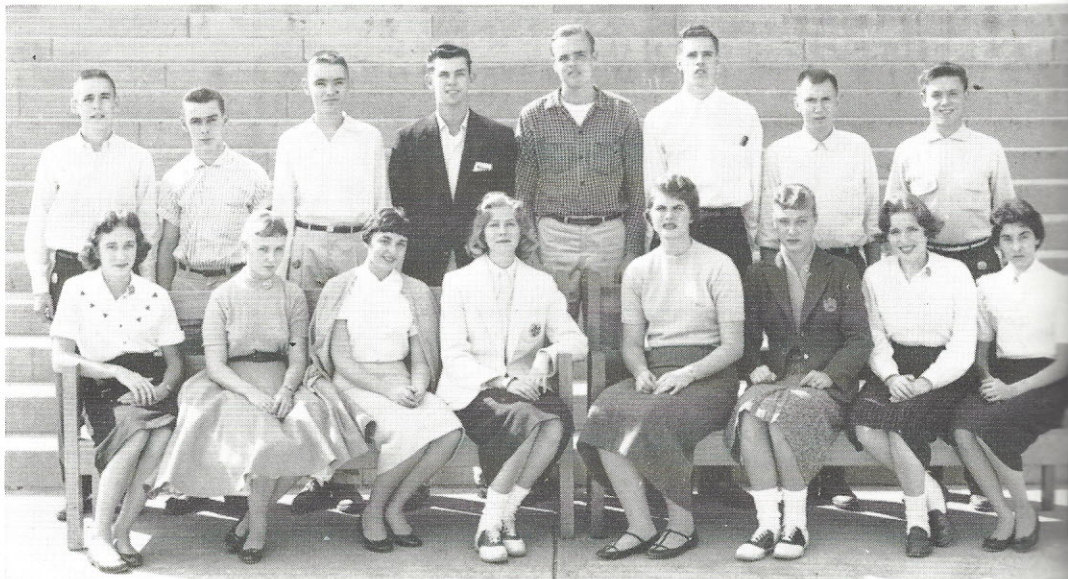

The little man made world revolving around SW is Radio Work Shop. Inside this satellite the energetic members can be seen doing many activities which range from cellophane wrapped around the microphone to imitate the sound of fire, to car doors slamming, shattering glass tinkling, footsteps sounding on the stairs, someone walking in sand or gravel in a baking pan, a wind machine blowing the many "seasons" in the play, flatten tin cans clanging, lightswitches clicking, egg beaters whirling, and perhaps someone eating a carrot to sound like a squirrel gnawing on wood.

Recognized for their many talents, they have given plays for the Board of Education radio station, KSLH, and for different auds, especially the freshman auds, at the main planet, SW. Besides giving plays, they also devised clever schemes to advertise the Roundup Campaign.

Besides all the fun you have, this class enables you to achieve a successful future. Radio work furnishes a good background for future careers ranging from radar scanners to electrical technician's work in the towers for landing aircraft, and working at Radio and Television Stations.

Receptionists' Club

The two clubs appearing on these facing pages are indispensable to the smooth functioning of Southwest. The members do not hear the applause of auditorium sessions, are not cheered by fans at the stadium, nor is their work tangibly fulfilled, as the Pioneer or Roundup staff's is. Yet they are invaluable, and deserve our complete appreciation.

The Receptionists' Club is headed by our assistant principal, Mr. Hatfield. The members are directed in their work by Miss Mueller, our attendance clerk.

What do they do? Everything and anything. Perhaps they should be given the appellation of "Gophers." If a teacher wants information from a distant room, these cheerful messengers "go fer" it. If the principals wish to see a student (seeking his advice for policy-making purposes, of course) they "go fer" him. In the course of a year the Receptionists' Club members put in more mileage than a cab company during a transit strike.

The Special Service Club is closely allied in function to the Receptionists. This group is spon-

sored by Mr. Mengersen from his headquarters in 202. Besides the guidance room, the Special Service people assist in the Hygiene Room. Their assistance is rendered, therefore, to the counselors, Mr. Mengersen, Mr. Gluskamp, Mrs. Pfaff, and Mrs. Martyr; and to Dr. Miller and Miss Brennan. Since these people have occasion to consult almost every student during the course of a semester, the value of Special Service members is easily realized.

This organization of more than fifty patriotic, efficient Southwesterners performs a dual function for us all.

First, the Stamps and Bonds Club serves the nation we revere. Satellites, rockets, supersonic airplanes — these futuristic developments are thrilling, but incredibly expensive. Add to this cost the ordinary expense of government, of foreign aid, and of more mundane military establishments, and you get an astronomical federal budget. Where is the money to come from? From taxes, of course. But taxes alone are not sufficient to support the entire program. So, good citizens voluntarily invest in America's future by the purchase of savings stamps and bonds.

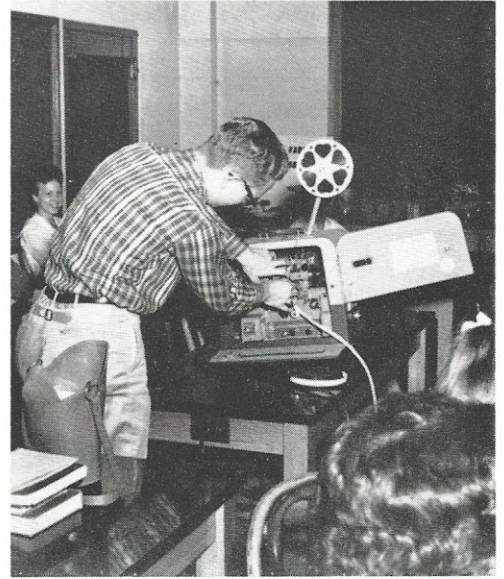

The second facet of these purchases is that the buyer helps himself as well as his country. Besides the fact that U. S. savings bonds are the worlds best investment, students who save this way develop habits of thrift which are as valuable as the bonds themselves. This year, our salesmen sold \$5009.85 worth of America's future to wise Southwest student capitalists. Congratulations!

Projectionists Club

Well-produced movies add visual piquancy to the scintillating lectures of the Southwest faculty. This entertaining method of education is all brought about by the Southwest's own projectionists under the direction of Mr. Schlinkmann. Membership in the club is open to boys of any term, who have extra study halls and who are interested in doing this type of work for the school.

Besides movies, the capable members of this club show slides, filmstrips, and are adept in the use of our opaque projector. This takes a big job away from the harried faculty, and gives the projectionists valuable experience. But most of all, the projection club members benefit the students, by enabling them to profit from the proved instructional opportunities of audio-visual education.

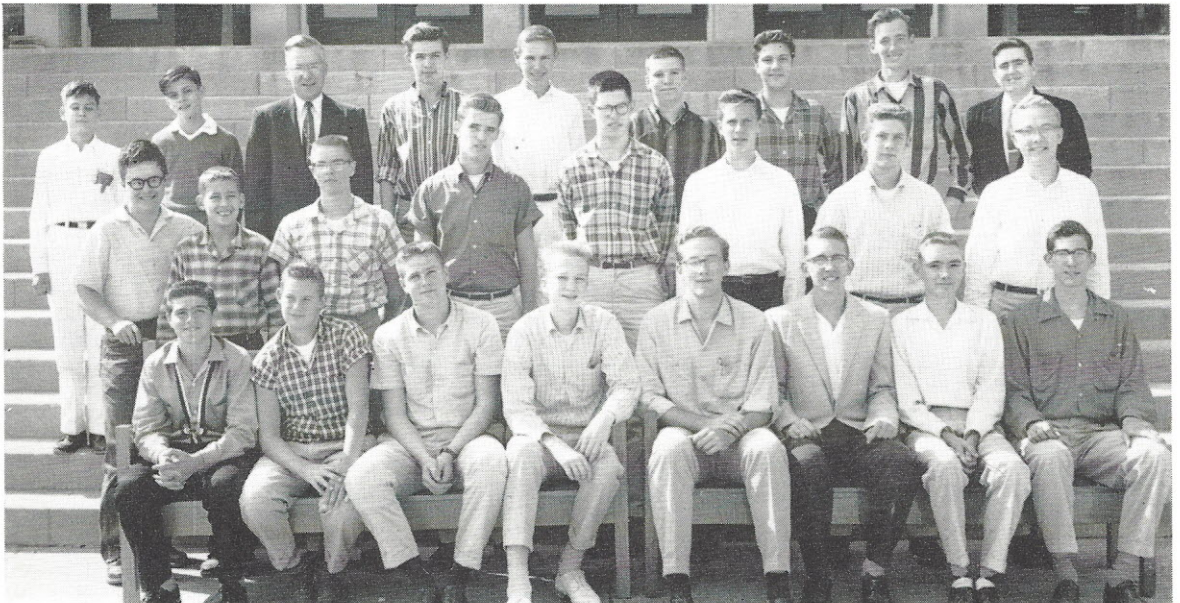

Are you sure that's threaded right?

Here at Southwest we are proud of all of our extra-curricular groups. Each is valuable to the individual members, to the school, and in many cases, to the community. Of them all, the Jr. Red Cross activities are the most selfless, most altruistic, most helpful to others!

The sewing group might well adopt the motto "Service to Others." The members take pride in using skills they have developed in clothing classes to do the best possible job on baby clothes and togs. This year the Jr. Red Cross sewing group made forty attractive baby nightgowns and fifteen colorful stuffed toys.

Junior Red Cross Art

The Jr. Red Cross art group is devoted entirely to helping others. Their specialty is cheering shut-ins with colorful decorations and favors. This year, the art group members made St. Patrick's Day favors, Easter decorations, napkins rings and many other symbols to cheer those who have little else to be cheerful about.

We hope that the Jr. Red Cross will always be a part of the school program. The virtues of sharing, cooperation and helpfulness derived from these activities are of inestimable value to the students, the school, and the community.

Freshmen Ones

Dear Nujay,

On January, 1958, you, the class of January, 1962, entered the halls of our Alma Mater. Remember your frightful first day at Southwest? You probably felt like little lost children alone and a little out of place at fast-moving Southwest. You and others before you have gotten split programs, waited for the elevator service to take you to the fifth floor, and have been led astray by the mighty seniors.
