Of all the excellent organizations at Southwest, none is harder working or more essential than our superlative Parent-Teachers Association. Improbable as it seems, our P. T. A. this year excelled even the remarkable records of previous years. Always the largest in St. Louis, this year the Southwest P. T. A. established a new high in membership—346 enthusiastic, energetic boosters. A partial list of the tangible work accomplished in 1958-59 would include gifts to Southwest Student Aid, the St. Louis Scholarship Fund, the Caroline B. Ullman Fund and Tornado Relief. These contributions were in addi-

tion to the customary gifts to teachers and the parties sponsored for the June and January senior classes. Also, the P. T. A. assisted at proms and other school functions.

The annual P. T. A. card party was so profitable that the organization was able to present the school with a tape recorder, a record player, a micro-projector and a frame for a new campus sign to announce school events.

The motto of the P. T. A. this year is *Their Future is in Your Hands*. We at Southwest believe that our future is in very good hands indeed.
