Band

Our wonderland of music at Southwest would not be complete without giving special recognition to our terrific band under the direction of the exuberant leader, Mr. Monachesi. During the football season, the strains of "National Emblem" and "First Football Medley" echoed from the bandroom every A period as the band rehearsed for the games. As they marched on the field at half time, they were very adept in making march formations. The

biggest thrill for the band this year was the issuing of the new uniforms which they had worked so hard for these past years. Brilliant green with gold trim, even to the pom-poms on the hats, they were the ultimate in style. Besides the games, the band played for various aud sessions as well as the annual Band and Choir Benefit. On the lighter side, they had a gala time at the annual Christmas which was sponsored by the Band and Orchestra.
