

Boys' Glee

Director: Miss Meyer

Southwest can, and does, boast of having one of the few male glee clubs in the city. It has been here at SW for many years, and is sure to continue for many hereafter. This is one of the most popular groups, with a large turnout every semester.

These strong-voiced men appear in several school productions every year. This year, they were on stage for the Christmas program, and the May Musicale. The biggest event however, was the donning of brightly colored kilts for their part in the successful production *Brigadoon*.

They are socially active also. Besides the fun they enjoy while singing, they also join with the other music groups for parties and fellowship throughout the year.
