

Little thin, isn't he?

# Girls' Athletic Association

G.A.A.: Greatest Athletes Anywhere? Well, maybe these initials don't have this exact meaning, but they do represent a fine group.

This organization of senior school girls worked this year "To promote good sportsmanship and widen friendships." The club succeeded in carrying on tradition, yet was also able to entertain new ideas and activities.

As previously, the organization encouraged participation in sports on the intramural, class team, and varsity levels. Also in the category of traditional activities, the members operated a food truck at each home football game, presented Dad's Night, held a Mother-Daughter Banquet, and sponsored the Kampus King Dance.

For the first time charms bearing the G.A.A. insignia were made available to all members. Also a "first timer," a G.A.A. get-well card was designed and mailed to any sick members. A trip to K.S.D. for the Pevely Playhouse Party climaxed an eventful year.
