

Swimming

Although not given too much publicity, the 1960 swimming team, coached by Mr. Fred Boyd, had an extremely successful season. The Statesmen swimmers copped second place in the Suburban League, losing by only five points to defending state champion Ladue. Closing the season, the shark squad took another second place, this one in the state meet, losing only to champion Ladue. Individual stars on the Webster team included Don McIntosh who broke two Suburban League records and who also broke two state records. Jack Renner and Bruce Whitney excelled in diving, and Cole Bashford did a fine job in back stroke competition. 1960 was the finest year yet for the Webster swim team which has been improving each year. Next season, several lettermen will return, and great things are to be expected from the 1961 Statesmen swim team.

Oopsy-daisy!

The statesmen wrestling team completed another full season without serious injury and, in so doing, compiled a good won-lost record. Although lacking in depth in the lighter weight classes, Coach Leonard Bryant did a fine job, using his wrestlers to optimum advantage. In what is largely a sport of individual skills, four Webster wrestlers were good enough to compete in the state tournament, and several others placed in the district meet. Harry Stewart, who was probably the most experienced wrestler on the squad, was among those who went to the state tournament where he placed second in his weight class. Rich Jones, Jim Schroer, and Jim Weber also represented Webster at the state meet. With wrestling growing more popular each year, 1961 should see another fine Webster mat squad.
