MARION LOGAN GIBBONS

Dogon, where do it begin?? You have been such a big part of my life - it mean look how long we've been in the same classes and all!! you are really something special and it's sure it's going to be very hard for anyone to follow in your footsteps after you leave WFA. You have done so much for your school - academically and athletically. It's sure many will remember "Dogon Gibbons" for years to come. That's not all you have done. Dogon you've been a super friend to me. You have been really nice to me all these years - ever since the third grade. It'll always treasure those special times we've spent together. You just have a way of making me smile. You're just a great person and it's glad to have you for a friend and it's extra glad that you're going to the Citadel next year. You just don't know how happy that makes me. It'll have a friend over at the Citadel. I hope that we will be able to do stuff together if they ever let you "knobs" out. HAAA! If you behave and make the grades you are now you just might be getting some privileges before you know it. Please let's stay in touch this summer and next year. Thanks for the memories... Advanced Biology, track, third grade, fourth grade, fifth grade, sixth grade, seventh, eighth, ninth, tenth, and eleventh, and twelve grade. Thanks for all these special years in my life - you were a true friend.

I love ya,
