Logan,
can you believe this year is almost
over!!!! It has really flown by. I had
some crazy times. Remember the Senior Class Play?
You really worked hard, in fact I did,
but it was definitely all worth it. How about
the Senior Class Trip... It was a "trip" I guarantee
it!!! I'll never forget you always sounding
that stupid Johnson and calling me "space
chicken". Logan, you are a crazy guy!!!
Remember the dances, by the way, you are a
great dancer!!! Logan, I wish the best of luck
for you in the future and I know you will go
far in life. Maybe one day when you're in the
hospital I'll be your nurse, can you imagine
that!!! Good luck at the Citadel next year
& I know I will see you again.
Introduce me to some of those Cadets.
Take Care & Good Luck in the future
