Science and Math

MRS. MARGARET LYTCHFIELD is the head of the science department at Walterboro High School. In this department general science, psychology, biology, chemistry, and physics are offered. After school this year a group of pupils attends a television class in electronics.

MRS. MERYL B. JONES is the head of our mathematics department. The department offers general mathematics, algebra, geometry, advanced algebra, and trigonometry.

" . . . and that belongs to be . . . "

"Now pour the nitro into the glycerin and . . . !"
