THIRD ROW: Jimmie Heaton, Bobby Wilkinson, Jimmy Wylie, Marion Hughes, Al Odom, Marion Owens. STANDING: Mrs. Lytchfield, Sponsor.

## SCIENCE CLUB

Demonstrating an intricate (?) experiment.

Keeping up with that lab notebook.

Interest in science among students at WHS is encouraged by the Science Club. To be a member, one has to have had chemistry and to have taken or be taking Physics. Every other year the Science Club takes a week-end trip to Oak Ridge, Tennessee, to visit the nuclear reactor. Various projects help to raise money for this trip.
