

# Not Just Your Average Summer

What does summertime bring to your mind? Rest, fun, or just a time for doing absolutely nothing. That best describes what you do when there are summer days that reach 100 degrees. But what happens if you planned to play football, or become a member of the Walterboro High Band of Blue. Maybe you were good enough to be a cheerleader? Well your dreams of doing nothing went down the drain. All varsity football prospects had a summer weight lifting program to make, which also included running the mile in under six minutes. But that's not all! After that the lucky

few had summer practice, and camp at Erskine College.

The band members had practices that formally introduced them to that summer heat which broke records this summer! Now at last the cheerleaders, yes those lovely young ladies who give it their all each and every football and basketball game had to practice also. But then again no one said that being number one would be easy. Although there were practices after practices they all knew the 1980-81 school year would make it worth while. And from each and every one of us we salute you!

Right: Jackie Morrow is giving it all she's got.
