

Left: Hot, bored . . . Do we have to fill out these forms for the school? Why so many? Asks Jesse Harley and Ron Heape.

## Getting Acquainted Again

Mmm, the first day of school. I can't believe it. Boy! Did the summer go by fast. It seems only a couple of days since we've gotten out of school. It sure is a long bus ride to the school. For some of us it was hot and exciting this summer. Getting acquainted again, new faces to know, old rules to follow. That sure seems like the same things we did last year and the year before.

Of all days? Why is Walterboro so hot today. Hmm! I see a lot of new faces and some old. What is he doing here. He was supposed to have graduated with the class of 1980. Well it's time to go into the Gym to find out what homeroom class we're in. Wow, a lot of students sure did come from Colleton

High School. Crowded already. I wish the Principal would hurry up and call out the names and homerooms we go to, because it is too hot in this Gym.

What! Immunization shots? Nooo! This can't be? Why us? Sorry but the state legislature passed a law requiring that you take them. But those shots hurt! Well if you have taken all of your shots then you don't have anything to worry about. But why? Well the state legislature found out that a lot of kids weren't getting their shots, and they were getting various diseases. Those diseases were being passed on to others. Hurray! It's time for us to go home. Now I wonder what the rest of the year will bring to us.

Below: Easy, Hard . . . don't let these faces fool you. Now which one am I going to have? I hope I've got an easy one.

Above: Listen everyone! Here's my speech for the year. Mr. Jones sure has their attention.

Above: Please hurry up, it's hot in here. Mr. Jones must be saying something important for them to be listening.
