

# A PERFORMANCE TO BE PROUD OF

Below: I'm sorry **Tyrone** if you didn't become #1 in the State championship but **Walterboro High** calls the band of Blue The Best.

Above: Nervous, patience, well don't worry **Band of Blue** Members you'll do just fine.

"F-U-N, this word maybe simple, but when **Wendy Connelly, Thomas Pinckey, Wendy Maggi, and Renee Shaw** said that one simple word they spoke for all. Now many seniors thought that seniority gave them the most joy out of the trip. This could mean riding the first bus, getting first choice and getting to eat first at the restaurants. The latter may not seem very important, but if you were one hundred and fifth in a line of one hundred and six or seven people it would definitely rank among the top priorities! To **Tyrone Francis, William Meritt, Opie Scoggins, Greg Lommen, Tommy Finigan, "Food, period, ranks first!" Lillian White and Angela Sumler** felt that as long as they achieve their goals the trip would be fine. Now others thought the trips were a time to get to know Mr. **Young** and the new member of the family, Mr. **Ellenburg, Redell McDonald, Frances Boesnck, and Bessie Mae Stanfield** said, "They are as happy as we are when we win because they know all the work it took to get there. And the work really did payoff because they won three awards, superior band front, superior Drum Majors, and superior overall. These awards make each and every person in **Walterboro** as proud as they are!"

Above: Great, terrific performance, **Ronny and Vonda**. I see that the **Band of Blue** are great this year in their performance.
