Homecoming Game ignites and sends the adrenaline running throughout the body. The scenes of excitement of Homecoming game is almost next to none. And because it was on October 31 a Friday night. It pitted the Bulldogs of Walterboro against the Gators of Goose Creek. Before the game started all senior football players and all senior varsity cheerleaders marched across the field with their escorts. (We all could sense the joy that they each had.) The senior football players truly looked forward to the game. "Every game means a lot but homecoming is special," said most of the senior players.
