

THE GROWING COMMUNITY AROUND US

Walterboro has increased its size in recent years. New faces such as McDonald's, Burger King, and Eckerds, to name a few have contributed to this increase. Not to forget the places that we are all awaiting completion, such as the new Western Sizzlin steak house and the new Walterboro High School.

What problems are we faced with, now that our town is growing? Robbie Goodwin, a student at Walterboro High, feels that we may be headed for some financial problems with all the new places going up. On the other hand, Miss Frasier, Spanish 1, 2; French 2, teacher at Walterboro

thinks that traffic congestion will present a big problem for us too.

If we are destined to have problems, what about our good points? Mr. Jones, Walterboro's principal, feels that Walterboro is in a good location; centrally locale. He also says that Walterboro needs an attraction such as an industry to help it grow.

It would be nice to have a big industry in our town. We could be more prosperous and jobless people could again work. But what problems come with an increasing growth of a town? What do you think?

Top: The new school looks nice from angle. It will look even nicer when it is crowded with students.

Above: A sign of joy. Everyone has long awaited the arrival of the new Walterboro High School.
