

MUSIC — "A DAILY POTION"

Music is an important part in the life of everyone involved in the music department at Walterboro High School, especially Mrs. Dorothy Buckner. She dedicates her life to music.

Mrs. Buckner spends many hours practicing with the chorus so that their performance in concert will be unforgettable. She has been Chorus Director in the music department at WHS since 1951. Every year Mrs. Buckner carefully plans out a program. She includes songs that she knows the audience will enjoy. She is always open for suggestions from her students. With the cooperation of her students, every concert is a great success.

Mrs. Buckner never seems to get weary or tired of practice. She works as if it is her "Daily Potion." If you wonder why Mrs. Buckner can keep going . . . She's not getting older, she's getting better!

Mrs. Buckner enjoys playing soft preludes before concert.
