

The Photography Club is mostly designed to help their members to use a more advanced camera. They have different speakers and students learn the technique of film processing. They had a very good candy sale which helped toward their trip. The Photography Club's sponsor is Mr. Peckler.

The Lumberjack Club took a tour of a paper mill in Charleston. They went to the state Forestry contest and built the Student Council float that was shown in the Christmas parade. The Lumberjack Club's sponsor is Mr. Gowdy.

The Colleton High Science Club allows the students to enhance their skills in the scientific field by participating in scientific experiments and visiting areas that are rich in scientific backgrounds. The club has been so **popular** that those members that meet all basic requirements will truly enjoy being part of a club that takes pride in the scientific future of our country. The sponsors are Mrs. Finney-el, and Mrs. Williams.
