LIFE SAVER

The canteen is a most refreshing resource to those CHS students who chose not to indulge in the lunchroom. It provides good, balanced snacks at very reasonable prices. When the bell rings, for lunch dismissal, a crowd of canteen customers gather in the hall of the gym to wait their turn at buying their favorites. It can get pretty sticky in the late summer and early fall, but in the cold, harsh winter it can be pretty warm with the great amount of body heat. Also, the canteen provides extra refreshment for those who have just come from taking in a hot lunch. Run by **Mrs. Belton**, a teacher at the school, it keeps the students satisfied with the wide variety of products.

These students chat while waiting to buy at the canteen.
