

Shining Faces

Most students agreed that a person's manners would take him wherever he wanted to go. If that were the case, Seniors Felicia Campbell and Jonathan Songer would be on an extended trip. Felicia was voted "Friendliest Female" and Jonathan "Friendliest Male" by the class of '93. Both always wore a smile and had compliments for their fellow classmates.

Felicia was a member of the Drama Club and Student Council. In the tenth grade, she was nominated to Who's Who for her outstanding academic performance. Not only did she excel in academics, but she also showed her athletic ability by running varsity track for five years. Felicia was also a member of the WHS Singers.

"I suppose I practice the old proverb 'Do unto others as you would have them do unto you,'" stated Felicia cheerfully. "I was always brought up to be friendly to everyone."

Jonathan, whose academic status was boosted when he was admitted to the SAT 1000 Club, was an active member of the NHS. Jonathan achieved the highest rank of Eagle Scout in his senior year. He was a two-year member of the Investment Club. Jonathan played varsity football two years and was a member of the FCA Club.

"My personality is diverse; therefore, I can get along with everybody," commented Jonathan.

— Tony Lowery

Jonathan Songer accepts his football letter from Coach Wilson. Jonathan played football for three years.

Jonathan Songer and Felicia Daniels stop to speak to each other in the hall. They were chosen as the Friendliest Seniors.
