

Just Dunk It!

Even though the boys' varsity basketball team's record, 10-15, was not perfect, the Dogs proved to be very competitive in both conference and nonconference play.

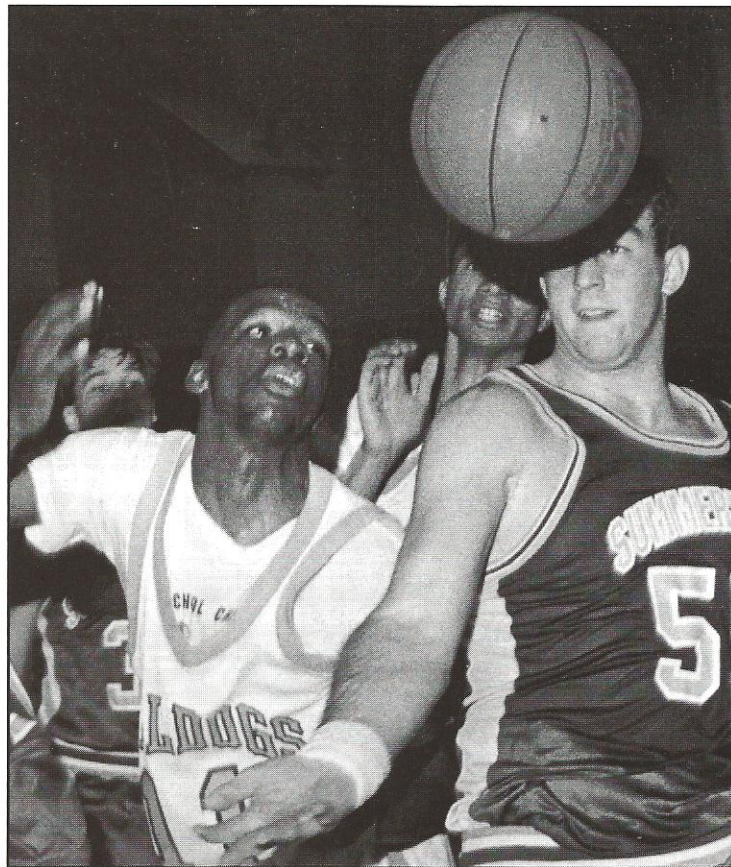

With a largely inexperienced group, the team fared comparatively well. Coach Ben Mitchell attributed the team's competitiveness to strong team unity and hard work. Coach Mitchell has aspirations of a strong conference standing with next

year's team, noting the fact that he is losing only two seniors.

Both seniors proved to be major assets to the team. Hoshiman Brown, the team's only all-conference player, led the Dogs in scoring. Averaging over 20 points a game, Hoshiman is the first basketball player in the last ten years to score over 500 points in a season. Senior Brian Millen held the highest freethrow average of the team, shooting 77%.

Despite the loss of Brian and Hoshiman, Coach Mitchell anticipates a very good team next year. He feels that the experienced team which will return next year should prove to be very competitive. Returning are lead rebounders Keith VanDyke and Greg Koger. "We did well, but we had a young team and there was room for improvement," stated Koger.

— Jonathan Songer

Senior Hoshiman Brown grabs for the rebound, trying to get past Summerville opponent Kevin Long. The Dogs went on to win the game 84-80.
