

We Have Teen Spirit

Do you think you know the answer? Senior Lemiah Sanders patiently waits for Coach Driggers to call on him for the answer to a Health question. Lemiah showed his spirit not only on the football field but also in the classroom.

1,2,3 HIT IT!! Senior Stacie Pye waits for the counts to start another WHS cheer at the Summerville game pep rally.

Chosen because of their participation in school events, Lemiah Sanders and Stacie Pye were named "Most Spirited" by the senior class. They could be seen throughout the year displaying school spirit by participating in sports or cheering on the sidelines.

Lemiah showed his spirit by playing football and being named to the All-Lowcounty team as a linebacker.

"My spirit comes to me naturally," commented Lemiah. "I think it's important to show school spirit because without it, school wouldn't be fun."

Serving as co-captain of the cheerleading squad her sophomore year and captain her senior year was Stacie's main contribution to the spirit of the school.

"I think school spirit is very important," said Stacie. "It is the best way to let the members of teams know that you are behind them all the way, whether they lose or win."
