

Order Up! During the Rice Festival, volunteers Lisa Smith and Kelly Murdaugh serve rice at the Civitan booth. "the World's Largest Pot of Rice" was always a popular stop for many during the Rice Festival.

Is It Ready Yet? As a break from their field trip to the Artisans Center, senior art students Tabitha Gardner, Jennifer Worden, and Kathy Belue wait for their order at Hiott's Pharmacy. Hiott's Pharmacy remained a popular gathering place in the community.

With dedication, enthusiasm, and team unity, those of you who participated in sports had an overall successful season. If you were a part of teams such as football, golf, softball, or soccer, you were able to extend your playing time into the post-season play-offs. Even if your team did not make the play-offs, you could still be proud of other accomplishments. Under Coach Michelle Parnell's direction, the varsity girls' basketball team had a 10-10 record, the best in recent history. The volleyball team made school history by winning its first tournament ever, Raylrode Daze. Also an important milestone was the High School League's recognition of cheerleading as an official sport. With all of these and other accomplishments, changes, and young talent, the athletic department could look forward to future success.
