**FOR**

**RELAY**

Relay for Life proved to be a huge success. A wide variety of teams throughout the county led the festivities. Each team, consisting of approximately ten people, had a goal to raise at least

\$100.00 per person. Pledges totaled over \$60,000.

The Walterboro High School team, consisting of NHS and Student

Council, contributed over

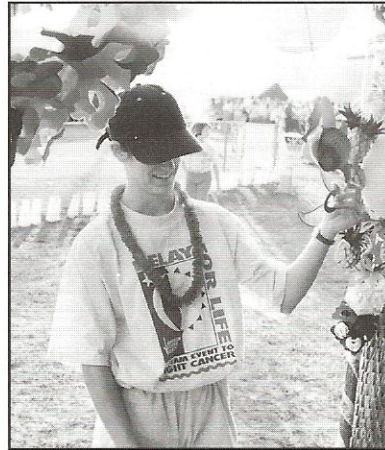

\$1500 to that total amount.

"It was great to see the number of participants. It really showed how much people in the community care," said senior Ashley Whetsell.

The night began with all sur-

living cancer patients taking the first lap. One person from each team then followed. Team members waiting their turn, enjoyed many activities that were offered. Volleyball,

soccer, twister, dancing and singing filled the event. Each team also decorated their tents in a contest for best theme, ranging from under the sea to other space.

**Fixing it up.** Freshman Amanda Shomber assists the Student Council with putting up decorations for the tropical booth. Amanda, known for her artistic ability, was also a member of the Junior Civitans.

"I enjoyed participating in the walk. I felt like I was making a difference in the lives of cancer patients," said freshman Amanda Shomber.
