### daze of school

**Scream for ice cream!** On the first day of school, a variety of students crowd around the Good Humor ice cream machine. After a hard day of challenging and brain numbing courses, ice cream hit the spot. Full of many different flavors, it was a great addition to our school's vending machines.

**Follow the leader.** Gathering in the hall, **Brad Roberts, Gregory Holmes, Chris Land, Laizon Rivers, and Brandon Chilsom** talk about their first day back at Walterboro High School. They also talked about who they had classes with, and if they liked their teachers or not.

**d**ing! Ding! The bell for first period chimed once again, a new school year had begun.

Coming back to school brought many exciting memories for students. Carefree freshmen such as **Lauren Moody** said, "I enjoyed my first day of at the high school and it is a memory that will last forever." Seniors strutted around the school with a sense of authority. Senior

**Ryan Berry** said, "I was glad when the first day of school came because that meant only one year was left." Students enjoyed coming back to

school because it gave them a chance to get back in touch to friends that were lost over the summer. Groups of old friends gathered in the commons area and chatted about summer time memories. **Shani Simmons** stated,

"It was exciting to see my friends again after the long summer."

The first day of school was always entertaining, interesting, and gave a preview of the year to come. Students of all ages were able

to enjoy another year at the wonderful Walterboro High School.

-Brad Peurifoy

*"The first day of school was as good as the first day could have been."*

*-Adam Pye, 11th*
