Flying High. Preparing for the halftime routine, the JV cheerleaders practice an extension with the help of Coach Lori Murray. Freshman **Amanda Coulter** was one of the smallest girls on the squad which made stunting easier. "Sometimes I get afraid when I am in the air and I look down, but I just remember that my bases are there for me," said "and I relax," Amanda said.

We like Spike. Cheering on the football players at a varsity game on Friday night, Spike, the mascot, shows his Bulldog pride. Spike could be found at most home games as well as a few away games. Spike cheered along with the cheerleaders and greeted the children that came to the games.

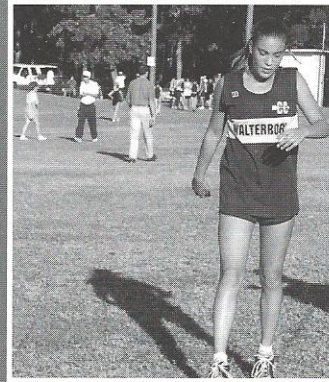

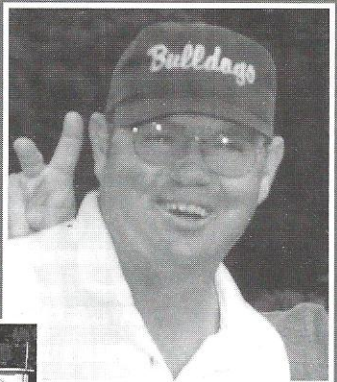

"We have made a name for ourselves in the past thirty-two years that we have been the Bulldogs. We have brought home many titles, but one stands out the most. No one will ever forget when the football team won it's first championship in 1997. Although this may be the end of these memories, new ones will begin. The spirit that we have will follow us no matter what."

Since his graduation in 1985, Tripp Padgett has been a Sports Information Director for the Bulldog Athletic Program. "I have enjoyed working with Coach Riley and all the players for all these years."

Tripp Padgett

"I've run cross country for the last two years. I trained all summer. I really like my teammates, they help make running enjoyable. My goal for this year was to run in under twenty-five minutes."

Brandi Traynham, 9th
