

**The big trip.** During the summer, DECA club members **Robin Forstein** and **Elaine Mc.Neil** and **Mrs. Ferris** pose for a picture at a large structured "O" at a theme park in Anihem, California. The club participated in competitions during the trip.

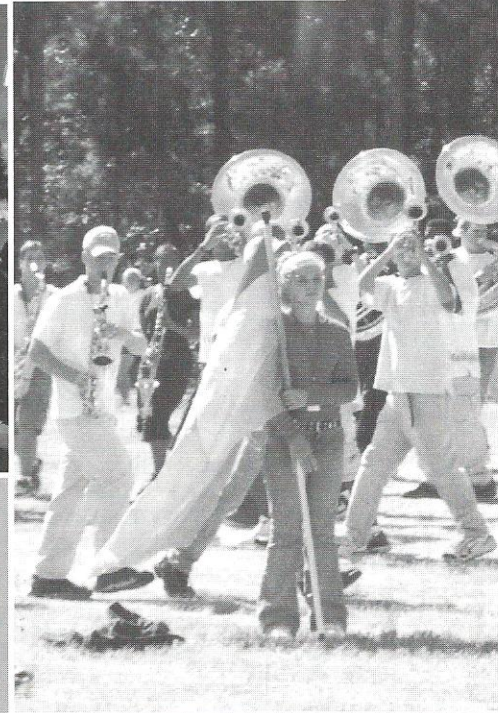

**Woodwork.** During Mr. Wrihten's forestry class, junior **Josh Mundell** spray-paints some wood to make bird houses. Building these birdhouses helped build up woodworking skills. Many activities were done in this class to help prepare students for future jobs in such fields as forestry.

**Mummified!** During an NHS meeting, senior **Kelly Mcilwain** dresses up as a goofy mummy. "I felt a little ridiculous, but a lot of other people had to dress up as well," she said, "I like being in NHS because it allows up to help out in the community."

**Here comes Santa Claus!** During chorus, senior **Ashley Ulmer**, juniors **Mistie Garvin** and **Tameka Buckner**, and sophomore **Katie James** practice their music for the annual Christmas concert.

**Parading Around.** During fourth period, members of the Band of Blue can be found on the track practicing their hearts out. The band practiced almost everyday for the football games, competitions, and parades.
